PARTICLE.TALK
MANUAL

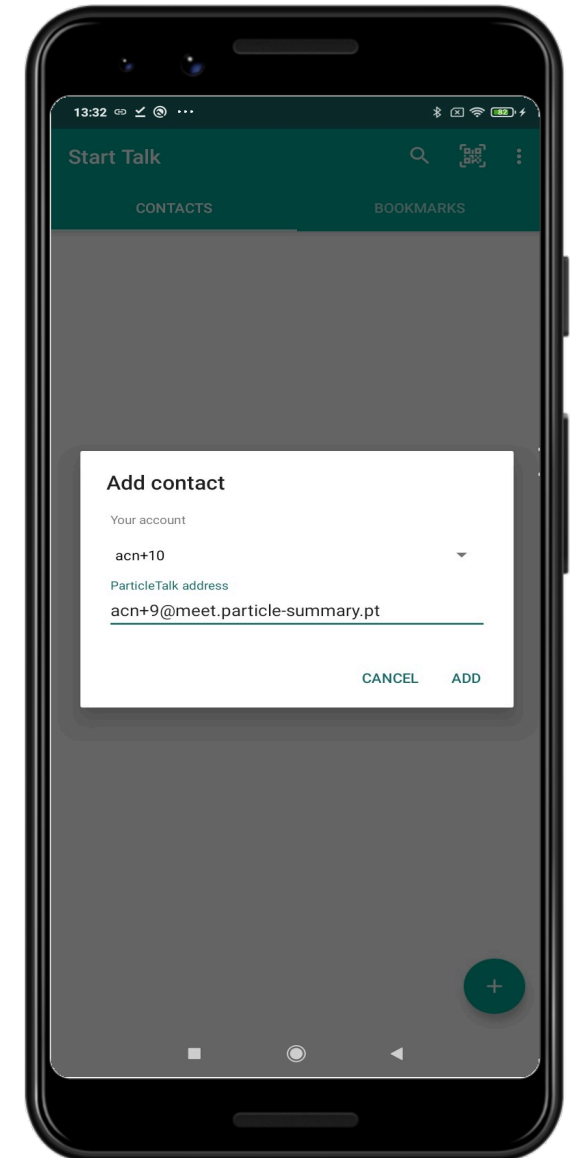

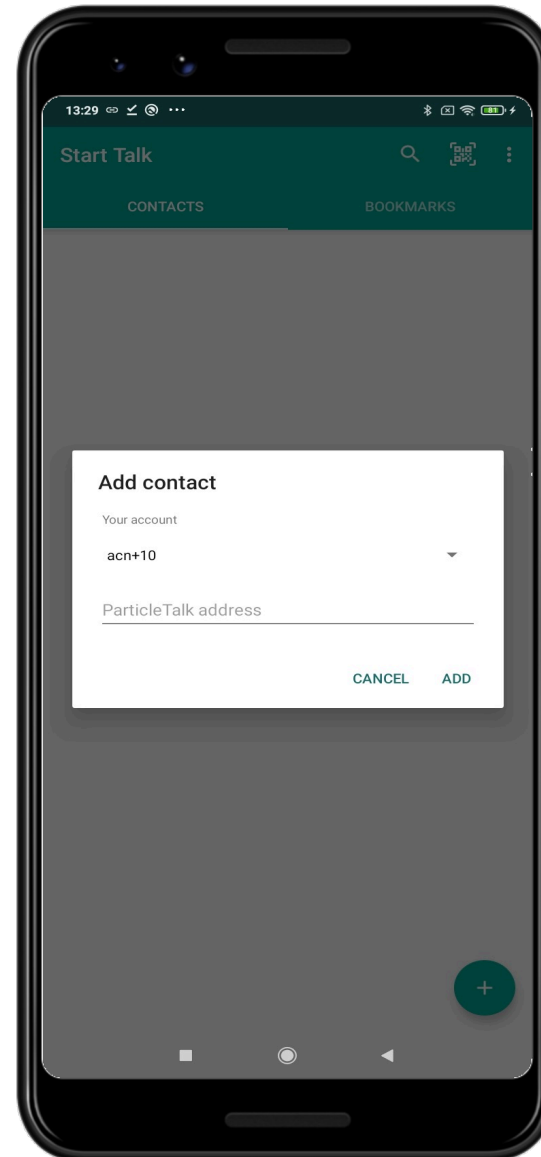

Using PARTICLE.TALK

1. After installing PARTICLE.TALK, you need to add contacts, in order to be able to communicate.
2. Click in the button "+" to see available options.
3. Select "Add contact".

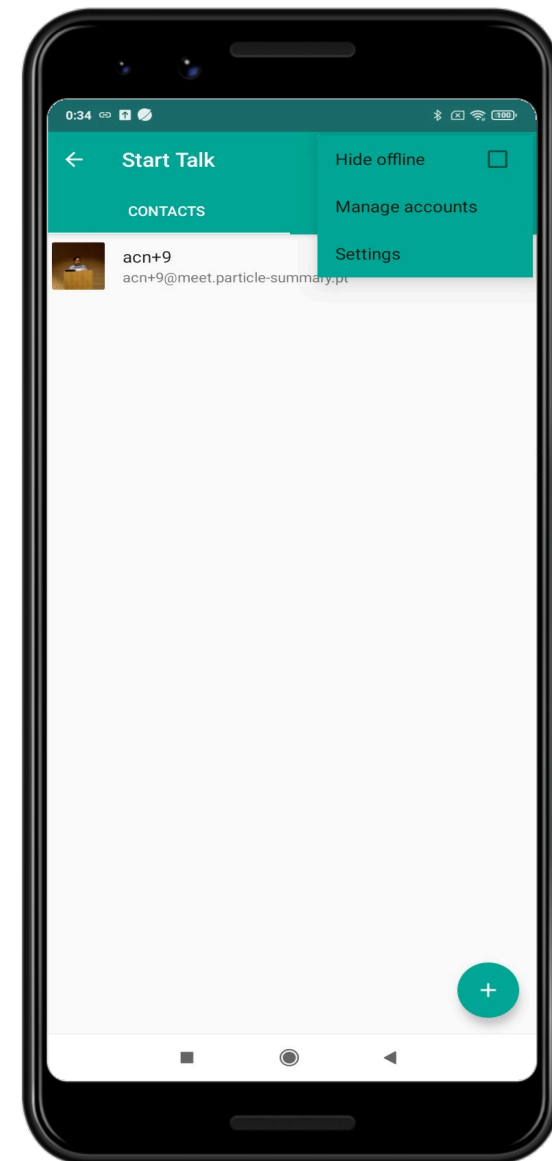

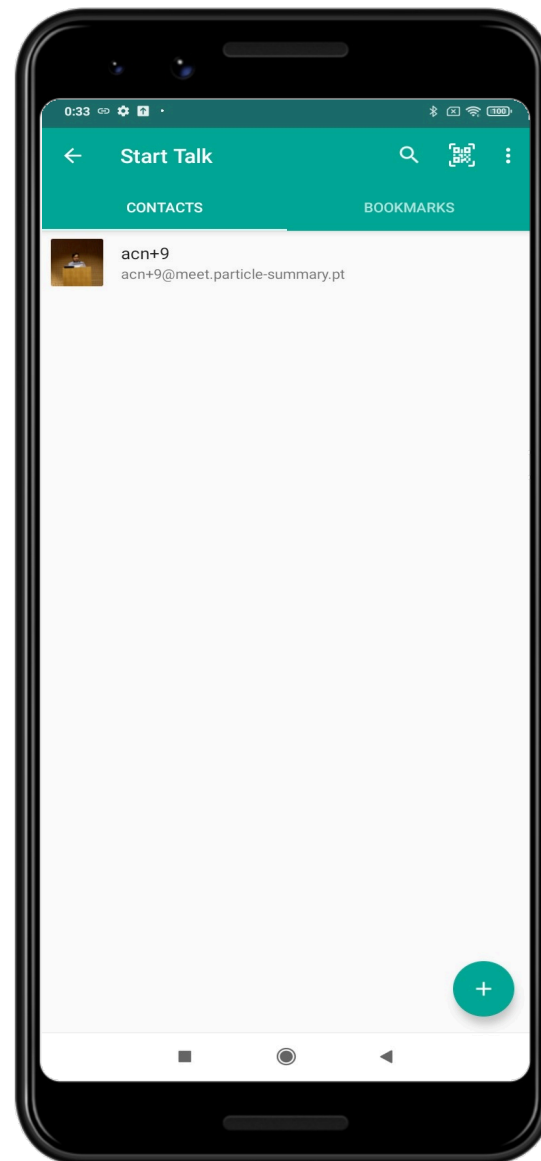

Using PARTICLE.TALK

1. Fill in the user name of the contact you want to add to your list of contacts.

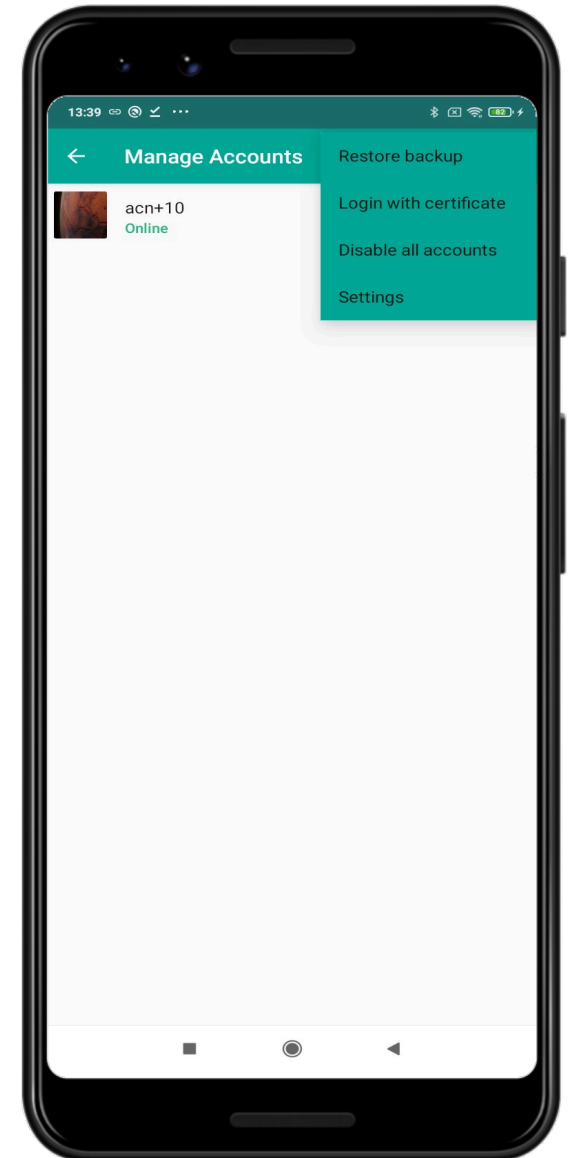

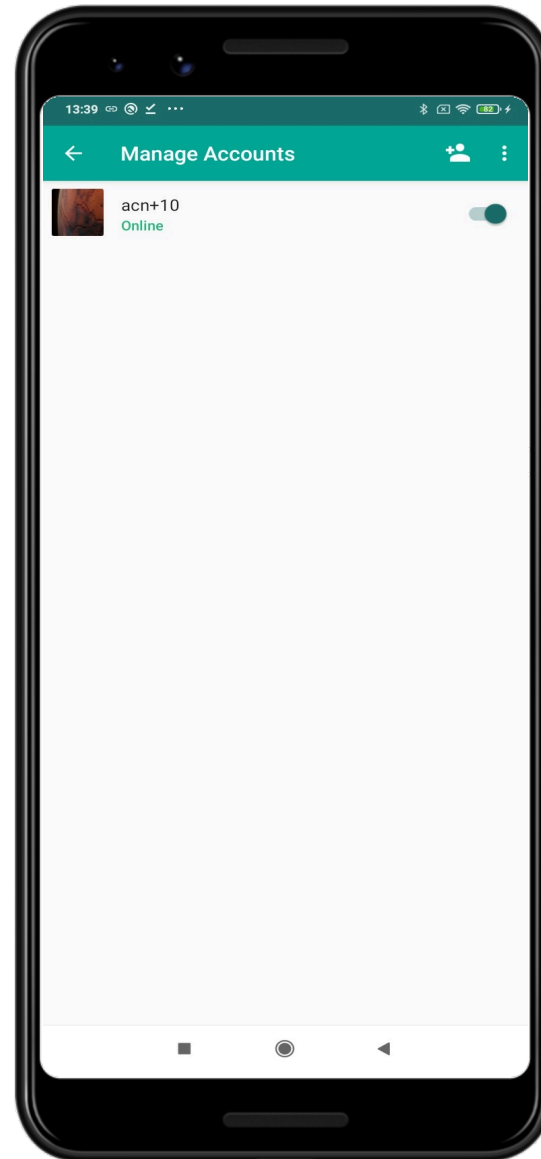

Using PARTICLE.TALK

1. The new contact appears in the **Contacts** tab.
2. On the top right menu, you may select the **eyeglass icon** to search your contacts, the **bar code icon** to scan a bar code and add a contact or the menu to choose to **Hide offline**, **Manage accounts** and change **Settings**.

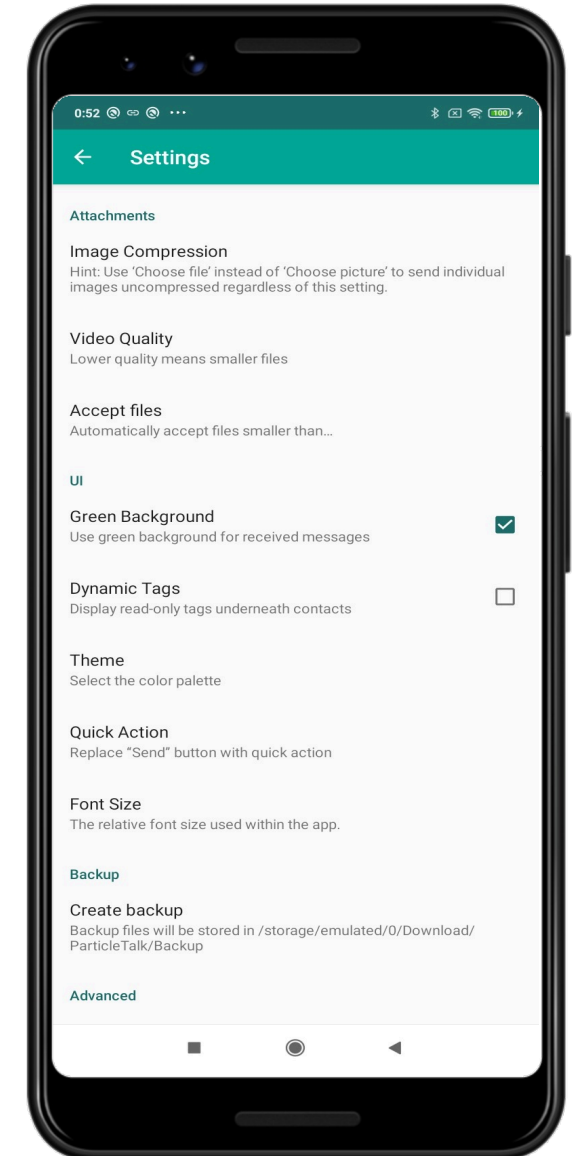

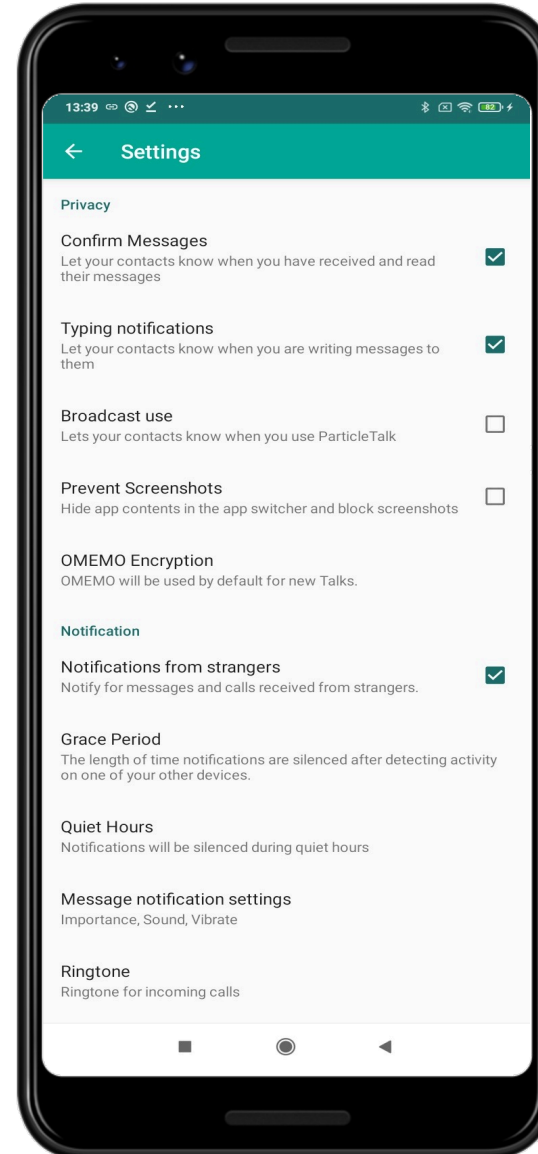

Using PARTICLE.TALK

1. Clicking on [Manage accounts](#), you disable your account using the swipe button. On the top right menu, you may also add an account by clicking on the add icon and access other functions, including restore backup, login with certificate, disable all accounts and go to settings.

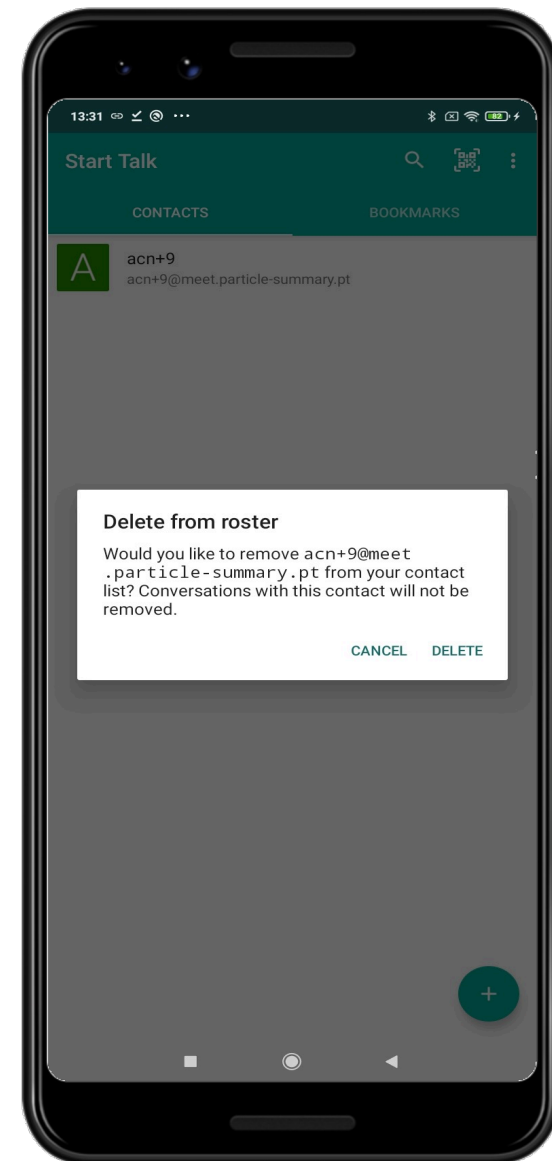

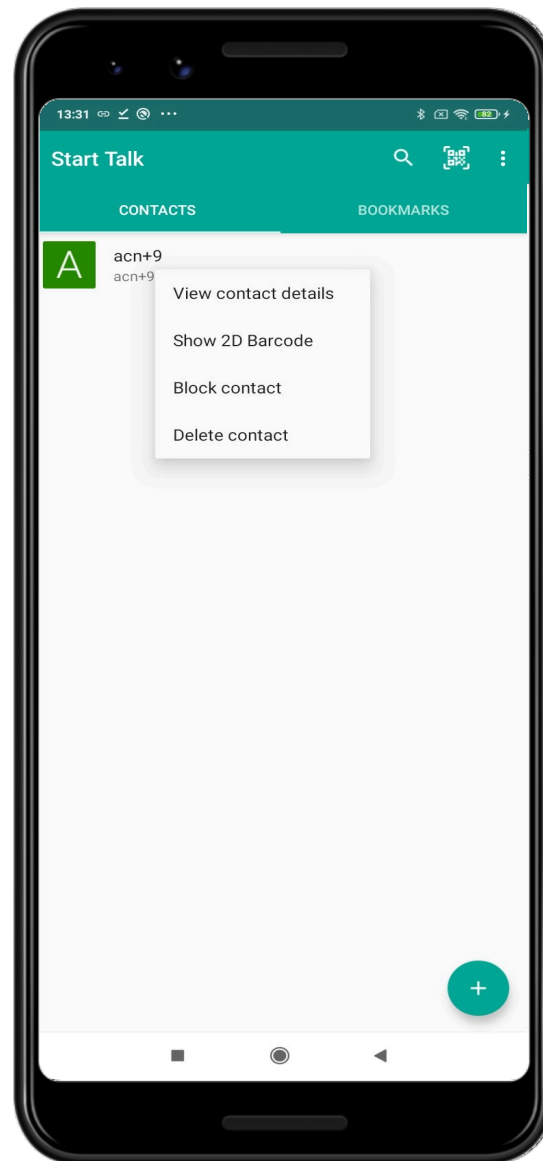

Using PARTICLE.TALK

1. Clicking on **Settings**, you may select your preferences on **Privacy** aspects, the **Notifications** configuration, the **Attachments** and the **User Interface**.

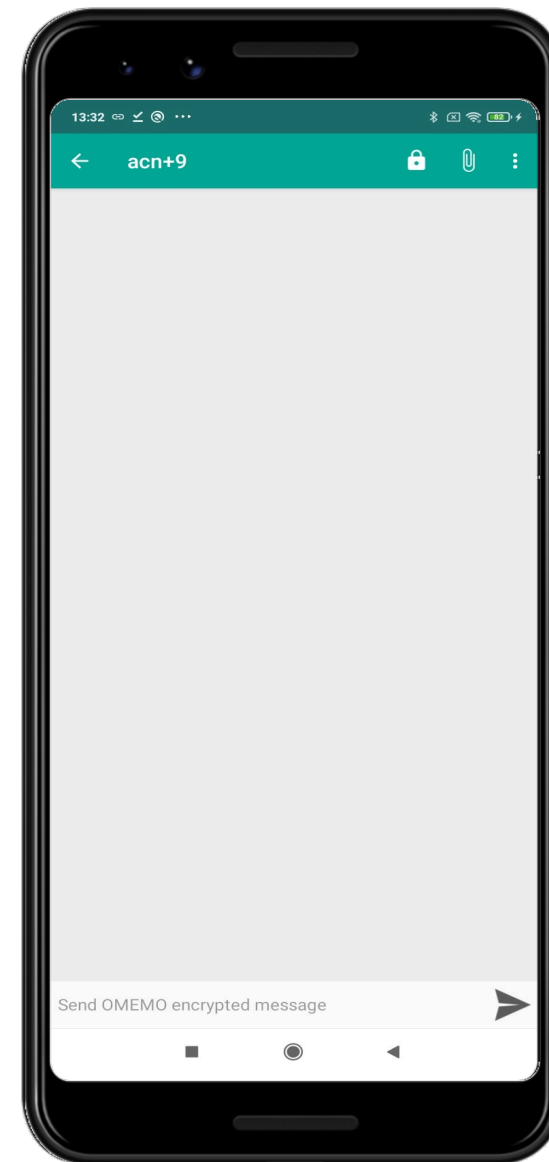

Using PARTICLE.TALK

1. By long-pressing the contact, it is possible to view contact details, show 2D barcode, block or delete the contact.

Using PARTICLE.TALK

1. Once you have contacts in the contacts list, the main page of [PARTICLE.TALK](#) displays all your conversations.
2. The [message icon](#) in the right bottom allows you to start a new conversation.
3. You may click on the contact to start the conversation.

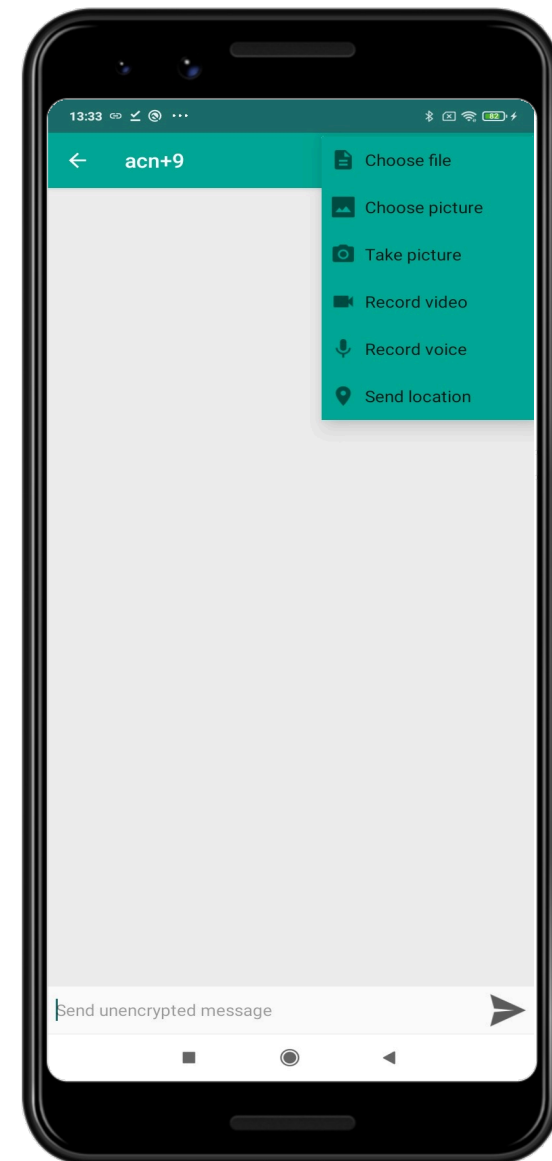

Using PARTICLE.TALK

1. On the top right menu, you may encrypt / unencrypt the communication, add attachments to the text messages and access other functions.
2. To determine if your messages are **encrypted** or not, click on the **locker icon** and select the preferred option.

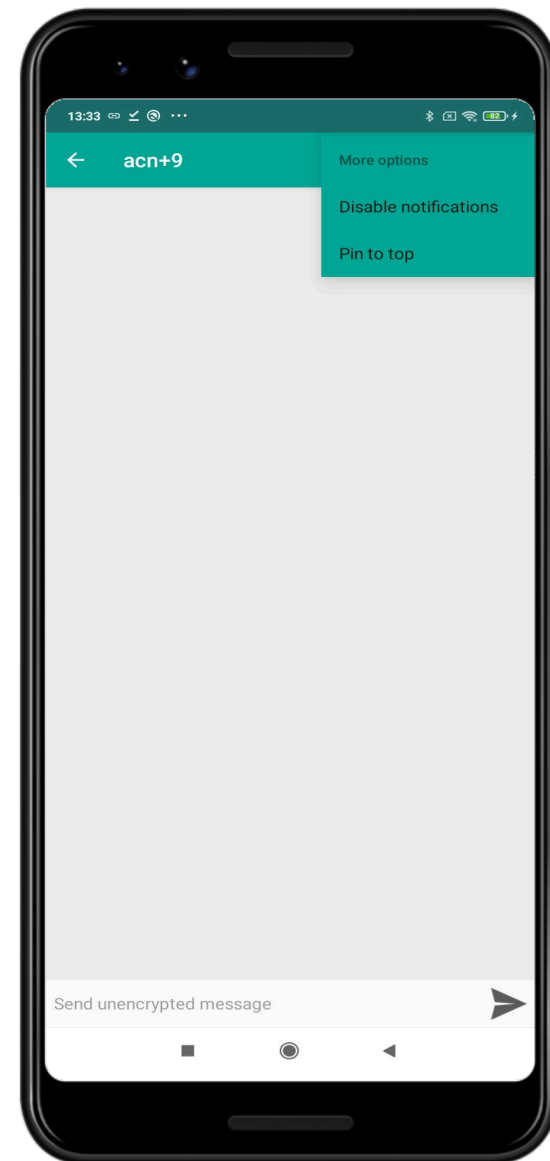

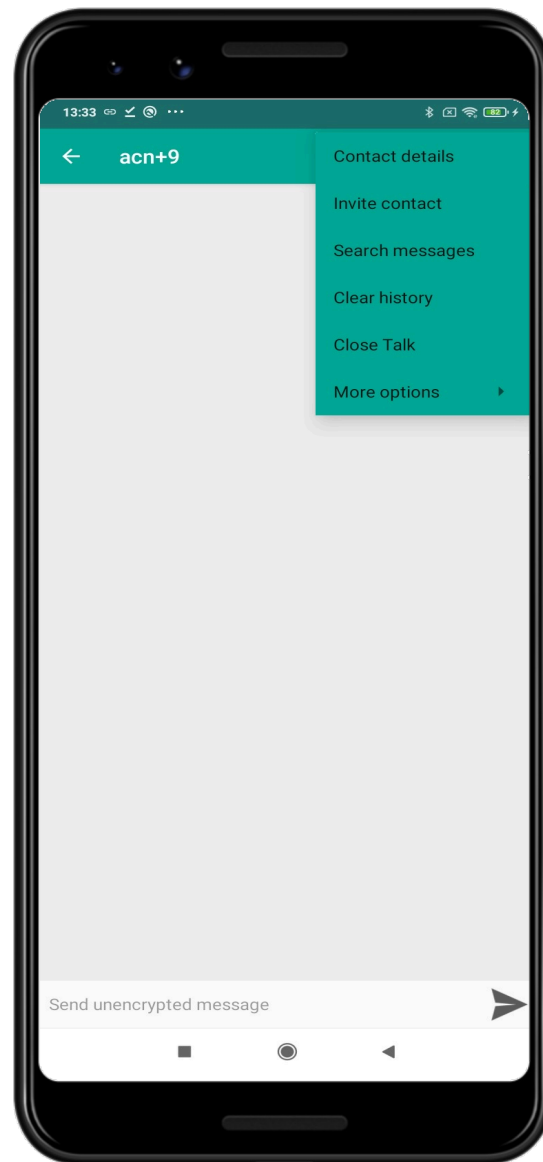

Using PARTICLE.TALK

1. To determine if the messages are **encrypted** or **unencrypted**, click on the **locker icon** and select the preferred option.
2. By clicking on the **paper clip icon**, you may **attach** a file or a picture, take a picture, record a video or a voice and send your location.

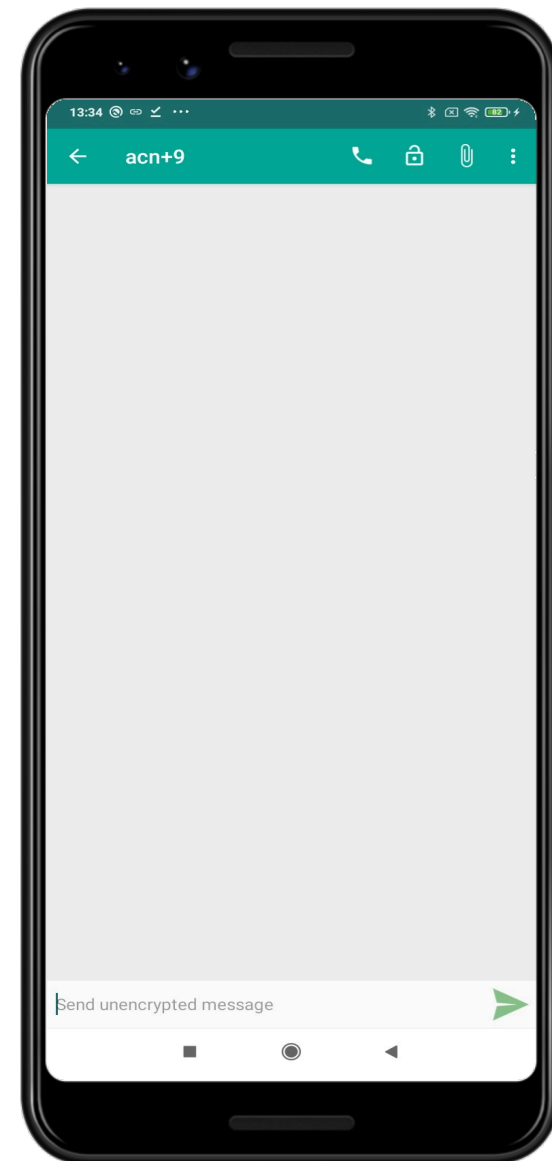

Using PARTICLE.TALK

1. Clicking on the [menu icon](#), on the top right, you may choose to check the contact's details, invite the contact, search messages, clear history, close [PARTICLE.TALK](#), disable notifications or pin the contact to the top.

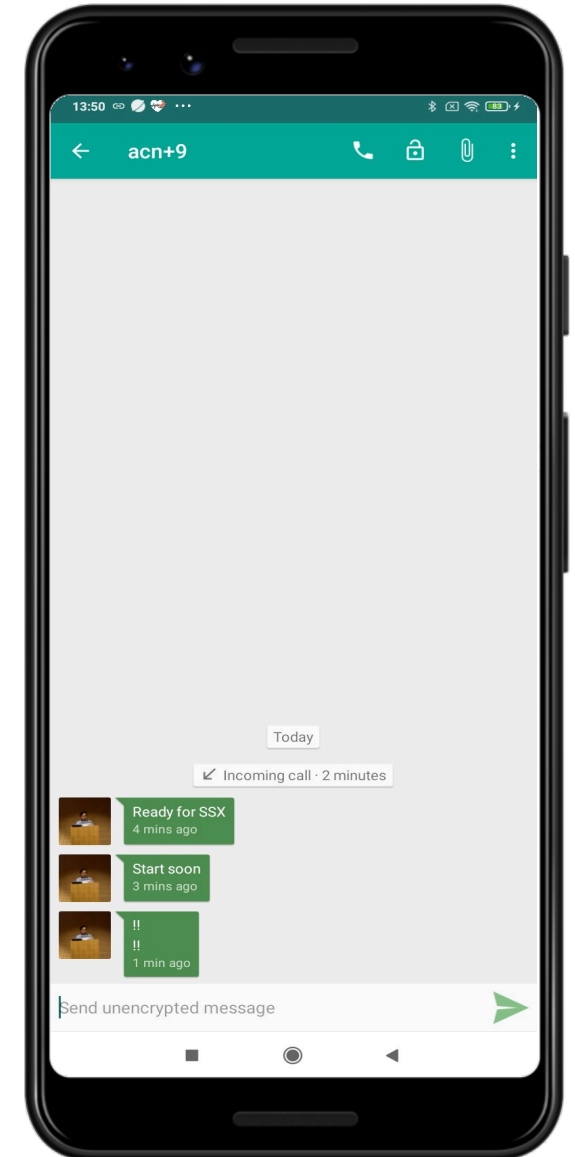

Using PARTICLE.TALK

1. When the contact you have added, also adds you to their contact list, you receive a notification.
2. At this time, you may also reach out to your contact through voice and the [phone icon](#) appears.

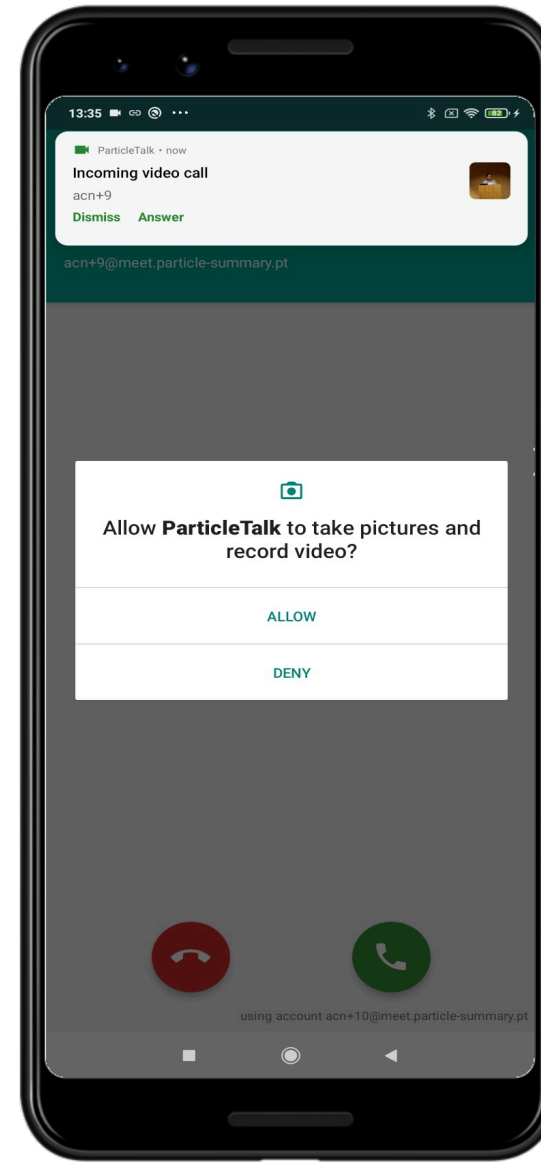

Using PARTICLE.TALK

1. By clicking on the **phone icon**, you may select to make a **voice call** or a **video call**.
2. You may start a chat with your new contact.

Using PARTICLE.TALK

1. You may receive a video call.
2. Before you answer, and if it your first video call, the smartphone may ask you to allow **PARTICLE.TALK** to take pictures and record video.

Using PARTICLE.TALK

1. You are also asked to allow **PARTICLE.TALK** to record audio.
2. You may then answer to the video call.
